SITUATION SUMMARY

May Day Demonstrations, 05/01/15 (Final)

May Day demonstrations occurred throughout the state on 05/01/15 and were coupled with protests in support of the protest in Baltimore, Maryland. Peaceful demonstrations occurred in both northern and southern California during the day, but became violent during the evening hours in Oakland with attacks on Police and extensive property damage. Cal OES Regions are monitoring the situation, and Cal OES Law Enforcement Branch has an Assistant Chief assigned to Region II RMAC (Alameda County Sheriff's Office/Oakland PD) EOC and an Assistant Chief assigned to the Region I RMAC (Los Angeles County Sheriff's Department) DOC.

As of Sunday 5/03/15 at 0853 hours:

Cal OES Law Branch monitored scheduled protest activity in Los Angeles and the Bay Area on Saturday, May 2, 2015. Both the LASD DOC in Los Angeles and the Oakland PD EOC in Oakland were activated but with no significant activity to report, both were closed without incident. This will be the final report on this incident unless circumstances warrant.

7.8 Magnitude Earthquake, Kathmandu, Nepal

In response to Nepal's request for urban search and rescue (US&R) assistance the United States State Department, U.S. Agency for International Development's, Office of Foreign Disaster Assistance (USAID/OFDA) has deployed two INSARAG-Classified Medium US&R teams: Fairfax County, VA (VA-TF1, identified by USAID/OFDA as USA-1), consisting of 54 personnel to include six Canine Search Teams; and Los Angeles County, CA (CA-TF2, identified by USAID/OFDA as USA-2), consisting of 57 personnel to include six Canine Search Teams. USA-1 and USA-2 are actively operating in Nepal at this time.

As of May 3, 2015, Government sources in Nepal report 7,056 fatalities and more than 15,000 injuries.

Cal EOC Incident – 2014 Drought

- SOC / Inland REOC remains activated in support of 2014 Drought

Weather of Concern

- No significant Weather Watches or Warnings are in effect.

Active Weather Warnings, Watches and Advisories by County: http://www.wrh.noaa.gov/sto/brief/www_bc_cal.php

WEATHER

WEATHER SYNOPSIS BY REGION:

NORTHERN CALIFORNIA AND CENTRAL COASTAL AREAS:

Eureka Weather:

Dry conditions will persist across northwest California this weekend with seasonal temperatures near the coast and above normal temperatures inland.

Medford Weather:

Mostly dry and warm weather will persist through today. High temperatures today will be similar to Saturday's highs, but on Monday high temperatures will be several degrees cooler as the marine influence and cloud cover increases over the area. A transition to a cooler and showery weather pattern will occur Monday night into Tuesday. Associated precipitation will be light and mostly limited to the west side.

Reno Weather:

Warm temperatures with chances for isolated showers and storms will continue today and into early next week. A low pressure system dropping out of the Gulf of Alaska will provide the potential for an unsettled and cooler weather pattern by midweek.

San Francisco Weather:

A relatively deep marine layer and persistent onshore flow will maintain areas of night and morning low clouds through the middle of the week, along with temperatures near to slightly below normal. An upper level low is then forecast to develop over California by Thursday. This low will mix out the marine layer but also maintain relatively cool weather conditions into the second half of the week. There is also a slight chance of showers with this weather system, mainly across the southern portion of the forecast area from late Thursday night through Friday.

WEATHER

WEATHER SYNOPSIS BY REGION:

CENTRAL CALIFORNIA AND SOUTHERN SAN JOAQUIN VALLEY:

Sacramento Weather:

Warm temperatures with a slight chance of mountain thunderstorms continue through Tuesday. Cooler and more unsettled weather will set in mid-to-late this week.

Hanford Weather:

High pressure over the region will provide for above normal daytime temperatures over the area through Monday. A low pressure center will push into the Pacific Northwest on Tuesday, and then drop southward later in the week bringing cooler temperatures and unsettled conditions to the area.

SOUTHERN CALIFORNIA:

Los Angeles Weather:

Night to morning low clouds and fog will occur through midweek in onshore flow and a low system. Another low will move in Thursday for possible precipitation into the end of the week. Temperatures should remain near normal all week long.

Extreme Southwestern California including Orange, San Diego, Western Riverside and Southwestern San Bernardino Counties:

A weak low pressure system off the California coast will move inland through Southern California on Monday. This will bring cooling and more night and morning low clouds and patchy fog as the marine layer deepens and onshore flow strengthens. There is also a slight chance of afternoon and early evening thunderstorms on Monday, mainly for the mountains. Onshore flow will continue through Friday as a colder low pressure system moves southward through the Western States bringing below average temperatures for inland areas, gusty west winds in the mountains and deserts, and chances for mainly light precipitation along and west of the mountains Thursday and Friday. Conditions will be dry and a little warmer for Saturday under weak high pressure.

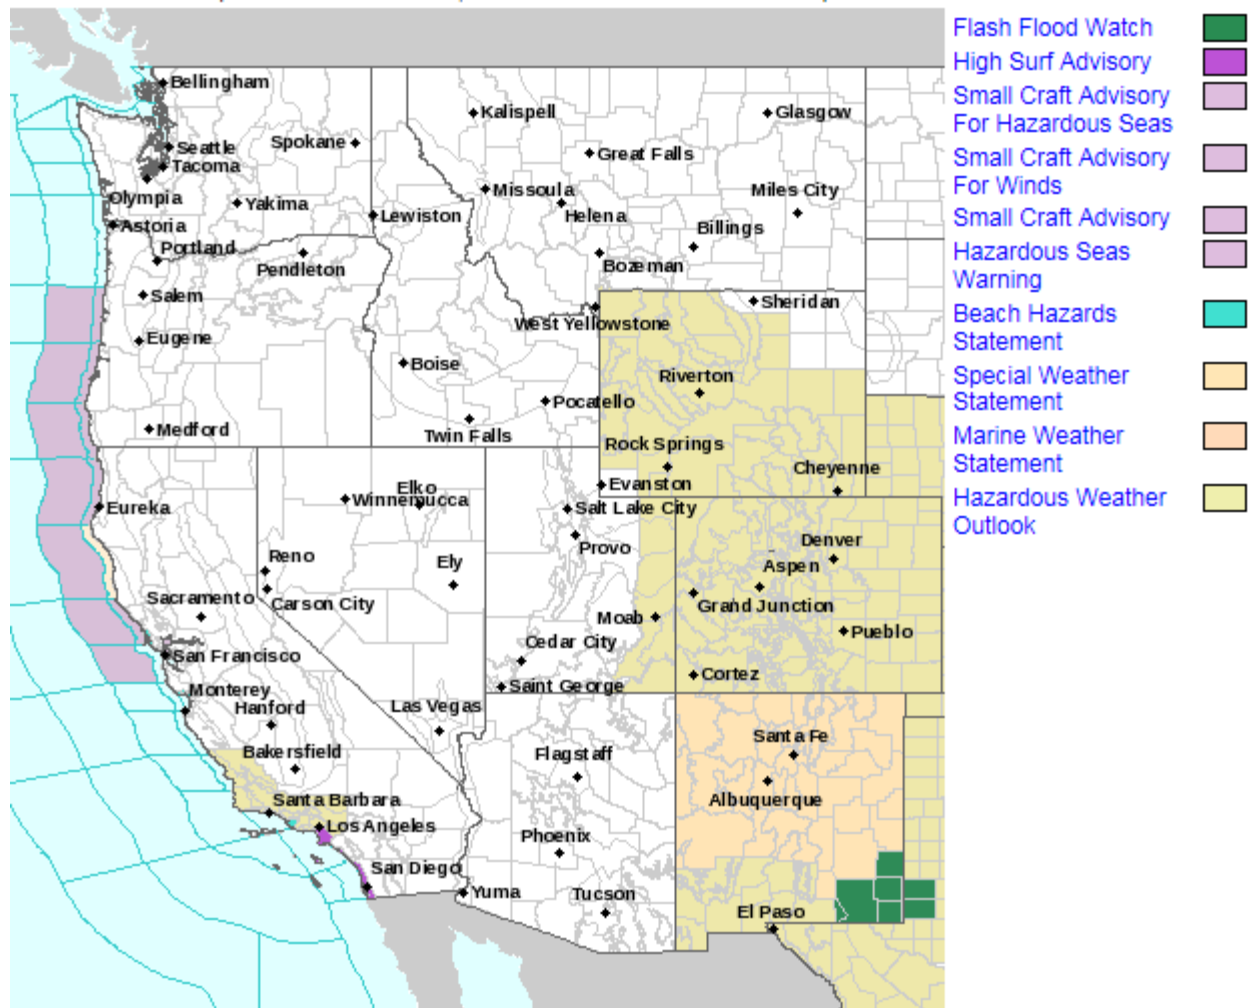

Southeast California Weather:

A series of Pacific weather disturbances are forecast to move into the region through Tuesday resulting in a cooling trend. A much larger and colder disturbance is forecast to move into the region Monday and Tuesday for a good chance of showers and thunderstorms area-wide. Clearing is expected Wednesday however another low pressure system is forecast to move into the region later in the week. This late week system is expected to be dry but will lead to another cooling trend along with increased afternoon breeziness.

RECOVERY ACTIVITIES

Round Fire, Mono County

- On Day 29, received confirmation sampling results from six sites and two re-tests. Of the six, four sites were below objectives and two were not. Of the two re-tests, both were below objectives. All hazard trees were removed on Day 29. Hydro-seeding of private lots started.
- Tree falling crews completed removing, bucking, and chipping hazard trees on the private home sites. Contractors continued installing erosion control devices and working on final punch list.

Project Totals as Day 29:

37	Homeowners who registered for the removal project.
4	Homeowners that denied entry.
38	Initial site assessment/site documentation complete.
38	Asbestos survey completed and results received.
37	Debris removal completed.
37/35	Confirmation sampling completed/approved.
34	Tree Removal Completed (35 homes have hazard trees).
0	Erosion Control Completed.
0	Approved by County for Building Permit.

Estimated Daily Tonnage:

Category	Day 28	Day 29
Debris/Ash	0	0
Soil Disposed	0	0
Metal Recycled	0	0
Concrete Recycled	0	0
Total	0	0

Estimated Project Total Tonnage for the Project as of Day 29:

Category	Total Tons
Debris and Ash Disposed	3,459
Soil Disposed	4,480
Metals Recycled	1,476
Concrete Recycled	3,916
Total All Categories	13,331

CAL OES 2014 DROUGHT

Cal EOC Incident – 2014 Drought

- The SOC, Inland, Coastal, and Southern REOCs and the Santa Barbara County EOC are activated in support of the Drought State of Emergency and continue to monitor the situation.
- The Governor issued Executive Order B-26-14 on 09/19/14, to streamline relief efforts for families with drinking water shortages due to drought, specifically through the California Disaster Assistance Act, to provide temporary water supplies to households without water for drinking and/or sanitation purposes.
- The Governor issued Executive Order B-29-15 on 04/01/15 which announced actions that will save water, increase enforcement to prevent wasteful water use, streamline the state's drought response and invest in new technologies to make California more drought resilient.
- CDAA 2014 Drought Fact Sheet and Frequently Asked Questions provided to Regions for reference and distribution.
- Cal OES Recovery continues to coordinate the Community Impacts Workgroup conference calls. Currently, the calls take place on alternating Wednesdays.
- Cal OES Regional (Inland, Coastal, Southern) conference calls continue to occur on a weekly basis.

CAL OES 2014 DROUGHT

Cal EOC Incident – 2014 Drought

Local Emergency Proclamations:

A total of 56 local Emergency Proclamations have been received to date from city, county, and tribal governments, as well as special districts:

- 25 Counties: El Dorado, Fresno, Glenn, Inyo, Humboldt, Kern, Kings, Lake, Madera, Mariposa, Merced, Modoc, Plumas, San Bernardino, San Joaquin, San Luis Obispo, Santa Barbara, Shasta, Siskiyou, Sonoma, Sutter, Trinity, Tulare, Tuolumne, and Yuba.
- 10 Cities: City of Live Oak (Sutter County), City of Lodi (San Joaquin County), City of Montague (Siskiyou County), City of Portola (Plumas County), City of Ripon (San Joaquin County), City of San Juan Bautista (San Benito County), City of Santa Barbara (Santa Barbara County), and City of West Sacramento (Yolo County), City of Willits (Mendocino County), City of Manteca (San Joaquin County).
- 9 Tribes: Cortina Indian Rancheria (Colusa County), Hoopa Valley Tribe (Humboldt County), Karuk Tribe (Siskiyou/Humboldt Counties), Kashia Band of Pomo Indians of the Stewarts Point Rancheria (Sonoma County), Picayune Rancheria of Chukchansi Indians (Madera County) Sherwood Valley Pomo Indian Tribe (Mendocino County), Tule River Indian Tribe (Tulare County), Yocha Dehe Wintun Nation (Yolo County), and Yurok Tribe (Humboldt County).
- 12 Special Districts: Carpinteria Valley Water District (Santa Barbara County), Goleta Water District (Santa Barbara County), Groveland Community Services District (Tuolumne County), Lake Don Pedro Community Services District (Mariposa Stanislaus County), Mariposa Public Utility District (Mariposa County), Meiners Oaks Water District (Ventura County), Montecito Water District (Santa Barbara County), Mountain House Community Service District (San Joaquin County), Nevada Irrigation District (Nevada County), Placer County Water Agency (Placer County), Tuolumne Utilities District (Tuolumne County), and Twain Harte Community Services District (Tuolumne County).

Mission:

We protect lives and property, build capabilities, and support our communities for a resilient California.

We achieve our mission by serving the public through effective collaboration in preparing for, protecting against, responding to, recovering from, and mitigating the impacts of all hazards and threats.
